PRESIDENT FAVORS CONSERVATION OF WATER

Five Projects Approved For Palo Duro

ALLOTMENT IS GREATER THAN REQUEST MADE

Supt. Anderson Is Very Optimistic Over Plans That Have Been Adopted For Park

FINISH ENTRANCE

Cabins, Crossings, New Well, Tent Facilities Are Approved for Period Starting April 1st

Supt. Wm. Anderson of the Palo Duro State Park has received approval of work from the National Park Service for the ninth period, extending from April 1st to October 1st, which indicates the large program which is contemplated for Palo Duro.

The amount of money appropriated for materials for Palo Duro during the next period is $2400 larger than is usually granted for a period, and this increase came as a happy surprise to Mr. Anderson.

Five projects are set up for the next period as follows:

1. Construction of crossings Nos. 2 and 3. These crossings will be the same type as No. 1, which has proved so satisfactory since its completion.

2. Construction of two more double cabins on the rim. These will be located near the lodge, and of the same type of construction as the cabins which have been completed.

3. Drilling a new well between the entrance and the CCC camp and equipping it with windmill and pipe line. It is planned eventually to obtain the entire water supply from the park property.

4. Making repairs on the lodge, and doing a small amount of improvements on the lodge. However, no extensive work is contemplated for the lodge during this period.

5. Establishing a tent colony on the mesa below the lodge. Frames will be made for 25 tents, and the site will be equipped with water and sanitation facilities. The frames will be portable and may be moved to other parts of the park if desired. Holders of the concessions will furnish the tents and equipment. It is planned to use these facilities for the Art School in June, and for other large gatherings held during the year.

Mr. Anderson states that the next two weeks will be extremely busy for his force in closing up projects which are to be completed by the first of April. The following are the projects nearing completion:

Completion of the entrance at the gate of the park. Keepers quarters were turned over to the concessionaire some time ago.

Completion of the water line from the entrance to the lodge and cabins on the rim.

Commissioners Are In Favor of Bill Remitting Taxes

At the meeting of the Commissioners Court Monday a resolution was passed asking the legislature to pass the bill remitting all state taxes to all of the counties for the next five years. 33 counties in he sate are now free of state taxes owing to local projects. The House of Representatives passed a bill remitting to all counties in view of local needs.

The resolutions was forwarded to Senator Clint Small and Representative G. H. Little asking that the bill be passed and sent to the Governor.

Under this bill Randall county would receive back $13,604.41 which could be used in road work and other kinds of improvements.

Farmers Will Complete Plan For Year 1937

Two Meetings are Called In Canyon by County Agent to Complete Organization of Work

There will be two meetings of farmers who are participating in the governmental Agricultural Conservation program next week at the court house in Canyon for the purpose of electing committeemen for 1937. In order to meet the legal requirements of the 1937 program, the county is divided into only two divisions—the East one-half and the West one-half—according to a division set out in a letter mailed to farmers by the County Agent this week.

Farmers living in the east part of the county will meet at the court house Wednesday, March 24th, at 2:30 p. m.

Those living in the west one-half will meet at the same place Thursday, March 25th, at 2:30 p. m.

Committeemen to represent all parts of the county will be elected at these two meetings. No other election meetings will be held this year except to fill vacancies.

W. H. Upchurch, County Agent.

Bob Clark Buys Bob's Coffee Shop of Carl Scott

B. R. (Bob) Clark is again owner of Bob's Coffee Shop which he sold last fall to Carl Scott. Possession was given Monday morning to the popular eating place on the highway. This place was started by Mr. Clark five years ago and was operated by him until September when it was bought by Mr. Scott.

Mr. Scott will assume another position the first of April, according to his present plans.

Mr. Clark has been connected with a sandwich shop in Amarillo since leaving Canyon, but was anxious to return to his old stand.

Buffs Won One And Then Lost In Second Game

New York Team Downs Tall West Texans In Rough Game at Denver Monday Night

After winning the first game at the Denver tournament Sunday night, the Buffs lost Monday night and were eliminated from further contests. The team is expected home today.

The Buffs won an impressive victory over the Adams Normal team of Colorado. The score was 62 to 24, being the largest margin that any team has so far run up in the tournament. As the result of this victory and the fast, clean playing of the Buffs, the W. T. boys became a favorite with the fans.

Before the opening of play Monday night, all participating teams paraded the big auditorium and were introduced. The Buffs were announced as the tallest team in America, and received a great ovation.

Monday night the Buffs lost to Long Island University 38-30. The New Yorkers were booed time after time by the crowd of 6,000 owing to the rough play, and the referee received like treatment for his decisions against the Buffs.

Coach Al Baggett entered his sophomore team in the tournament in order that they might secure valuable experience for next season's play.

Vice President Sends Gavel to Local Boy To Preside at High-Y

Opening the High-Y Conference at Plainview April 9, 10, and 11, Byrnilde Vaughn of Canyon, President of the conference, will wield a gavel presented to him by the Vice President of the United States.

The youthful conference president, who is a student of the W. T. high school, requiring a gavel to open the annual conference, wrote to Vice President John N. Garner, famous as a breaker of many gavels, and requested the use of one of his gavels for the opening session of the High-Y Conference.

The letter elicited an immediate reply. "Texas Jack" not only complied with the young man's request, but presented a gavel used by the Vice President to the High-Y group for use in the annual conference.

Louis Friday, Clerk to the Vice President, in a letter accompanying the gift, assured the young High-Y official that the gavel need not be returned, saying that "since your conference is an annual affair, it may be needed in the interest of orderly business at some future conference." Both letter and gavel are now prized possessions of the High-Y's.

Brynilde Vaughn, as President of the conference, and Billy Norman, president of the High-Y Congress, are both students at the College training school in Canyon. B. P. Faubion, Assistant State Y. M. C. A. Secretary in charge of High-Y work, was in Canyon Tuesday, meeting with the local lads and their sponsor, A. K. Goodman, to perfect plans for the conference.

DEAF SMITH TOPPING CONTRACT IS AWARDED

The contract was awarded Tuesday in Austin by the State Highway Commission for topping highway 33 west from Randall county through Deaf Smith county. The caliche base for the paving was completed last year under WPA.

The topping contract in Parmer county will be let some time this year, which will complete the hard surfacing of highway 33 the entire distance of the Panhandle from Oklahoma to New Mexico.

Rain and Snow Adds Moisture Friday, Sunday

Wheat Shows Great Improvement Following Moisture and Favorable Weather of Past Week

Rain and snow amounting to .20 of an inch came Friday and Sunday, making a total of .70 of an inch since the first of March. No moisture fell in March of last year.

Rain Friday night amounted to .15 of an inch. The rain followed a very warm period during the middle of last week. Following the rain the temperature dropped and snow Sunday brought .05 of an inch moisture.

Wheat fairly popped out of the ground during the warm days of last week, which followed the half inch rain. Farmers from all over the county who have been in Canyon are highly elated that the wheat is growing so rapidly and the general opinion is that if another good rain falls this month there will be little danger of the wheat land blowing during April.

Legislators Make Trip to Panhandle Saturday, Sunday

About 30 members of the legislature are scheduled to arrive in Amarillo Saturday morning. An inspection of the oil fields will be made during the day. A luncheon will be held at Perryton at noon.

A banquet will be held for the visitors Saturday night in Amarillo.

President J. A. Hill has extended an invitation for the law makers to spend Saturday night in Canyon and inspect W. T. Sunday morning before leaving on the return trip. No acceptance has been received this morning of the invitation.

Attorney General to Speak Sunday Morn Presbyterian Church

GENERAL WM. McCRAW

The well-known militant campaigner and present Attorney General of Texas, William McCraw, will speak at the Presbyterian Church next Sunday morning at 11 o'clock.

Mr. McCraw and Rev. Chas. L. Dickey became friends when McCraw was district attorney of Dallas county. For many years McCraw was teacher of a Baptist men's class in Dallas, and has been asked to speak to the College group of the Presbyterian Sunday School. He is a forceful speaker and has a dynamic personality. His connection with the American Legion and law organizations have made him much in demand as a public speaker.

While in Canyon, General and Mrs. McCraw will be guests in the home of Dr. and Mrs. R. A. Neblett.

NEW DEPUTY SHERIFF

Larry Holman has accepted a position of deputy sheriff under R. N. (Bob) Barnett and started his new duties Monday. Mr. Holman has been employed in the Buffalo Food Store for several years past, and is well known by people of this county.

MARRIAGE LICENSE

H. T. Whittington and Miss Machee Lee Patterson, March 13.

Education Meet Brings 3000 To W. T. Two Days

Resolution Asks Graduate Work Be Continued In Teachers College; Program Is Approved

Three thousand teachers from the Panhandle attended the Northwest Texas Conference for Education Friday and Saturday. The best and most interesting program that has ever been given at this conference was attended by teachers from all sections of the Panhandle.

Resolutions were adopted condemning the appointment of the State Superintendent by the State Board of Education; requesting the legislature to appropriate not less than $7,500,000 for rural aid; that the teacher load be reduced from 45 pupils to 36 pupils; and that it would be a severe blow to education should graduate work be eliminated from teachers colleges.

President J. A. Hill spoke upon the latter resolution, pointing out the need of graduate work in W. T. for the benefit of the thousands of teachers in this section of the state.

Charles M. Rogers, superintendent of schools in Amarillo, was elected to succeed Irby B. Carruth, superintendent of Canyon schools, as president of the Conference for 1938. W. C. Perkins, superintendent of schools at Shamrock, was chosen vice-president succeeding W. C. Davis, Memphis superintendent. F. E. Savage, of Canyon, was re-elected secretary-treasurer. Supt. R. B. Fisher of Pampa, and the retiring president, Carruth, were added to the executive committee of the Conference.

J. O. Bass, of the Swisher County School Board, was elected president of the Panhandle-Plains County Superintendents' and County School Board Members Association. He succeeds Frank R. Phillips, head of the agriculture department here. B. T. Rucker, superintendent of the Wheeler schools, was chosen

Randall H. D. Clubs Winners In Meat Show

Exhibit Shown During Fat Stock Show In Amarillo; Clubs Serve Chili During Day

The Home Demonstration Club women of Randall county placed second in the canned meats department of the Amarillo Fat Stock Show. 78 entries were made from ten clubs. Miss Grace I Neely, Food Preservation Specialist of the Extension Service, and Miss Ruby Mashburn, District Agent, did the judging. The following women won places on their products:

Roast Pork: 4th, Mrs. E. A. Michael, Zita Club; 5th, Mrs. John Coburn, Park Club.

Sausage: 4th, Mrs. E. W. Shaeffer, Centerview Club.

Roast Beef: 1st, Mrs. C. C. Benton, Park Club; 5th, Mrs. J. P. Upchurch, Zita Club.

Chili: 2nd, Mrs. W. E. Bennett, Park Club; 3rd, Mrs. John Coburn, Park Club.

Swiss Steak: 4th, Mrs. C. C. Benton, Park Club.

Boned Chicken: 1st, Mrs. W. E. Bennett, Park Club; 4th, Mrs. J. J. Wright, Westside Club.

Ground Chicken: 5th, Mrs. Joe Baber, Westside Club.

Cold Soap: 3rd, Mrs. H. F. Miller, Palo Duro Club.

Neufchatel Cheese: 4th, Mrs. John Coburn, Park Club.

GROUP MEN OF PANHANDLE IS SHOWN PLANS

Meeting Tuesday Brings Cheer For Building Dams and Lakes In This Section

STATE LAW ASKED

Hinton Will Return To Washington After Making Trip to Austin, States W. A. Warren

Prospects for water conservation in the Panhandle are exceedingly bright, reports W. A. Warren, who attended the meeting of the Panhandle organization in Amarillo Tuesday. The one big project of the territory is the immense lake south of Umbarger, but Mr. Warren predicts that when congress acts, dams and lakes will be built all over the Panhandle.

Reports were given to the directors of the Panhandle Water Conservation Association by Carl Hinton and John McCarty, both of Amarillo; Van Stewart of Perryton and Judge E. C. Fisher of Canadian. This quartet recently returned from Washington where they investigated very closely the possibilities of securing funds for these projects.

Just now all interest in Washington is centered on the President's fight to remodel the Supreme Court. All four of the men predicted that this fight would be over in a month, and that the President would get the bill he was demanding.

Directed by Congressman Marvin Jones, the Panhandle representatives were given an interview by President Roosevelt. The President indicated that he had first hand information regarding the "dust bowl" and had already decided upon a program which was very similar to the plan proposed by the Panhandle organization. Mr. Jones had already laid all of the facts before the President, and Jones is trusted by the Chief Executive to give a true and correct picture of the needs of this section.

The first step agreed uupon was to get the water conservation bill which was introduced by Senator Clint Small through the legislature. Mr. Hinton brought new ideas regarding features of the bill from authorities in Washington. Hinton went to Austin Tuesday night to confer with Senator Small, and to urge the legislature to act upon the bill without delay. The New Mexico legislature has already passed the bill. Hinton will go to Oklahoma City and ask that the Oklahoma legislature also pass the measure.

As soon as the court bill is disposed of, Hinton will return to Washington to assist Congressman Jones in carrying on the fight for this conservation measure.

President Roosevelt indicated that he would attempt a nation wide movement to conserve the soil, but owing to the continued drouths that this section was entitled to special treatment.

All of the Panhandle delegates were highly impressed with the influence that Marvin Jones has in Washington. As chairman of the powerful Committee on Agri-

Easter Egg Hunt To Be Staged at Palo Duro Park

W. T. Taylor announced Monday that an Easter Egg hunt would be staged at the Palo Duro State Park on Easter Sunday.

Organizations will stage independent egg hunts during the day, and such organizations wishing to participate are requested to telephone the Park before Easter.

At 4:00 o'clock Easter afternoon a mass hunt will be put on. A gold egg and silver egg will be in the hunt. The gold egg will bring the finder $2.50 and the silver egg $1.00.

The usual admission price to the Park remains the same for the day, but no extra charge is made to those participating in the hunts.

SUBSCRIPTION $1.50 PER YEAR

Entered at the postoffice at Canyon, Texas, as second class matter. Published weekly at office, 1513 Fourth Avenue, Canyon, Texas.

A block in the legislature is determined to bankrupt the state by giving every person 65 years of age a pension of $30 per month. As a result of the large number in this block, more time has been wasted on this question in the House than upon any other subject. The question of pensions resolves itself down to this: There are 6,000,000 people in Texas. Of this number 300,000 are 65 years of age. About half of these have applied for old age assistance. Of those applying, about 100,000 have been found eligible. But of this 100,000 possibly 25,000 feel themselves to have been badly treated and are demanding more money from the state. Some members of the legislature are killing more time attempting to satisfy 25,000 than they are in looking after the interest of the other 5,975,000 people of the state. Giving every person 65 years of age $30 per month, including negroes, and Mexicans, without regard to the need of the individual, can be classed almost as an idiotic demand of a small minority against the welfare of the vast majority of the people of the state. Old age assistance is just and right for those who are qualified, and the people approve such assistance to this class of people. But a hysterical raid upon the resources of the state based upon an unsound economic theory would be suicidal for those who foot the tax bill.

Why should a federal judge receive a salary of $20,000 per year while he serves on the court, and then receive the same salary for life if and when he should retire? A man who has brains enough to aspire to such a high office certainly has been one with a most lucrative law practice. If he has common sense enough to pass upon the economic questions involving 125 millions of people, certainly he has been foresighted enough to lay away a good per cent of fat fees he received as a lawyer. A federal judge is supposed to live modestly and far more economically than the man who is in politics or other kind of public life. When the public sees men of this class retired at such unreasonable salaries for life, is it any wonder that the people fall for the Townsend plan, or demand $30 per month assistance for all over 65 years of age? But the lawyers prevail in legislative halls, and most certainly will protect the interest of the group which receives the political plums.

The legislature has again killed a proposed constitutional amendment to exempt all homesteads up to $3,000 value of all taxes, school as well as city. Since the people voted several years ago to exempt homesteads up to $3,000 value from state taxes, there has been an insistent demand to include school and city taxes. Should such an amendment be passed, practically every school district in the state and every small town would become bankrupt. A high sales tax to carry on the schools through state funds would have resulted. The small towns would have been doomed so far as corporate activities were concerned. But the amendment will continue to bob up. The theory behind the amendment is that the owners of small homes should not pay their share to support the government, but the burden be pushed off on someone else. Just who that somebody else might be is not apparent.

Discussion of the proposed change in the federal courts is a good thing for the nation. While many are swayed by pre-conceived notions and prejudices, most people are honest in their convictions —both those who favor and those who oppose the President. Many of the staunchest friends who are advisers of the President on other matters are opposing him on court reform, and are honest in their conviction that he is wrong. No doubt the President will win his fight. When the fight is over the people should have become better informed as to the functions of their courts. Since the courts have been very much of a mystery to the layman, this discussion should reveal to them what the courts really mean, and the functions they perform.

While the opponents to the President's court reform measure are crying out that he seeks to "pack" the supreme court, why not tell the truth by disclosing that the court was packed against the interest of the people of this nation through the appointments made by Harding and other Republicans. The Supreme Court is no longer a judicial body. It has assumed the powers of a legislative body and passes upon more economic questions than upon questions of law.

Even men who drink and become intoxicated do not appreciate seeing women under the influence of liquor. It is a most pitable sight to see a drunken woman, and especially if you are forced to listen to the incoherent jabberings of one for an hour. Officers who are accustomed to handling beligerent drunks and who do not hesitate to face notorious outlaws much prefer this class to handling a drunken woman. Drink will always be the curse of the human race.

President Roosevelt spoke to the nation last week regarding his plan to reorganize the courts. No man in America has such a forceful and convincing radio voice as does the President. His presentation was so clear and logical that even our lawyer friends who are frothing at the mouth so vehemently in opposition to the plan could have understood the President's plan and purpose had they listened. Chances they did not listen least they be convinced.

Canyon is to have a school election on April 3rd. Three trustees are to be named. This is the only regular election to be held in 1937, so get out your poll tax receipt and use it. The school is the largest institution in every community. It takes more money to run the local schools than it does any other phase of local government. Electing school trustees is a serious matter so far as the taxpayers are concerned, and so far as the future of the community is concerned.

A constitutional amendment is under consideration to make four year terms for all public officers. The object is to reduce the mounting expense of running for public office every two years. The News believes the four year term is logical, but the question arises as to what the solution shall be regarding those officers who are elected for a six year term. A lot of constitutional changes would be necessary to reduce the number of elections.

Vice President John Garner has rolled up his sleeves and stated, "I'm going to put this Supreme Court business through the Senate if it's the last thing I ever do." Supreme loyalty to his chief has always been the policy of John Garner. No one in Washington knows legislative procedure better than does Garner, and this knowledge will be used in passing this measure.

The News has a birthday this week. The News completes its 41st year. The present management of the News has been at the controls for nearly 27 years.

Ed-Aches in Dalhart Texan: It's certainly amusing to watch some of the government agencies attempting to justify their existence by a constant stream of "publicity" stories to all the newspapers and magazines. For instance, I'm quite sure that at least one agency is firmly convinced that if and when the dust is stopped the agency will be promptly discontinued. For that reason they delight in keeping the spotlight of publicity turned on what they term the "dust bowl" and in spite of the efforts of the soil conservation service to prove that their work has resulted in saving the soil and to a certain extent stopping the dust, the other agency is having better success with its publicity and we all remain in the dust bowl.

Very, very aptly put. But the tragedy is that once established, a government bureau is seldom abolished. Its purpose may be changed somewhat, but the personnel stays on the pay roll. Unfortunately conservation is such a new thing that the American people are confused over the idea. And more unfortunately the existence of so many boards and bureaus which work at cross purposes add to the confusion. There are half a dozen bills in the legislature now, under which different outfits are attempting to gain control of conservation. To a great extent the interest of the farmer and land owner is being pushed to one side as these different outfits fight to see which one will rule the conservation movement.

"Keep your chickens and dogs at home," is the warning issued by the city. It is certainly most disheartening to the home owner to spend a lot of money planting flowers and gardens, and then have a worthless flea crate come along and wallow a bed. About the only way to convince some people that their chickens must be kept at home is to kill those who wreck destruction upon your premises.

The road hogs lost again. We refer to the big truck lines which sought to have the legislature remove the 7,000 pound limit and let them pile the load as wide and high as they desired. The safety of the people and the protection of those who built and maintain the highways demand that the highways be protected from those who would abuse the rights of transportation.

Has the cycle changed? Are the dust storms over? Is March to resume its average moisture? Hardly a dust storm has hit this spring. Some moisture has fallen. It looks like old times as the wheat greens up and a smile spreads over the faces of the citizens of the Panhandle.

Batting average on the Supreme Court reform measure: Senators for, 35; senators against, 35; noncommital, 26. This means the measure will pass by a majority of from 8 to 10.

Washburne Talks On Problems of Today's Schools

Educator Has Developed Widely-Known System

Dr. Carleton Washburne of Winnetka, Ill., internationally-known speaker and educator, appeared on the program of the Northwest Texas Conference for Education Friday and Saturday as one of the principal speakers, making a series of four addresses before more than three thousand educators on modern school problems.

Dr. Washburne as one of the principal speakers in the first general session chose as his subject, "Adjusting the School to the Child."

Discussing this question, Dr. Washburne said that the child may be looked upon as a person needing certain things in common with all other people. In the connection, he stressed the importance of the school's looking after the physical and mental health of the child. "We must see that their basic desires have satisfaction," he said in discussing the mental welfare of the pupil.

"Maladjusted pupils must be looked upon as patients rather than culprits. The cause of maladjustment is the thing we have to get at," he said.

"The school must look upon the child as an individual, and must recognize that every child is different from every other one. The school should help the child find his vocation. Though vocational courses are not to be offered in the second grade, the school should begin an exploration of the attitudes and aptitudes of the pupil.

"We must encourage independent thinking, and encourage people to think differently." He deplored the practice of trying to "impose our ideas upon the children given us."

In discussing the child as a part of society, he said the child should learn the things necessary to being a part of society. He emphasized the importance of excluding nonfunctional material from the curriculum.

In conclusion Dr. Washburne said: "We must give the child a realization that his welfare is bound up with the welfare of his fellow human beings.

In the fourth general session, Dr. Washburne talked on "Remakers of Mankind." He discussed, in a sectional meeting for elementary teachers, "The Right Book for the Right Child," a study based on a scientific research conducted by Dr. Washburne in this field. In the closing session of the Conference, the educator delivered an address, "The Development of Character."

Dr. Washburne is superintendent of the Winnetka Public Schools where he has developed one of the most progressive school systems in the United States.

SIDELIGHTS

By MARVIN JONES
Member of Congress from Texas

I think the President's recommendation that the departments be reorganized is a good one.

A number of the different agencies of government could be merged and their work simplified.

The conditions that prevailed at the time the new program started were so severe that quick action was necessary. The farm problem had been so long neglected and conditions prevailing on the farm and ranch were so desperate that immediate and far-reaching programs were essential in order to prevent wholesale bankruptcy and distress.

It was necessary to approach many things hurriedly. Benefit payments to the farmer as an offset to the tariff, soil conservation and rebuilding, refinancing farm mortgages, crop production and other activities were begun. Each of these applied to a vital phase of the problem.

In preparing, however, for long-range activities, it seems to me that in the reorganization, provision can be made for a central point in each county where the different phases of these activities can function, either together as one agency or closely linked so as to prevent overlapping and duplication. In some instances the same local personnel can be used. Where this is not feasible, the various groups can work alongside one another so as to make the entire program harmonize.

The work of the different agencies has meant much to our section of the country. Had it not been for these activities, it is difficult to see how many of our people could have stayed on our ordinarily free and fruitful land during the period when the blight of the drouth caused it to lose temporarily a great part of its productivity.

For many years the nation thought about and discussed only water erosion. It now appears that there is an equally great loss from wind erosion.

When thinking people first began to talk about the prevention of wind erosion, many people scoffed. They scoffed again when other thinking people decided there was a way to prevent erosion by wind. Practical, hard thinking people have found that there is a way.

I feel that in working out our national activities under the President's plan of reorganization, a committee should represent the Great Plains area so that the vital activities that have been directed toward saving our section of the country shall not be lost and shall not be dominated by people or counties in the flood regions near the final outlets of our major streams.

I think it is important to merge and to simplify and have united action in a less cumbersome way. However, I also feel it is important that the fine work that has heretofore contributed so much to the welfare of our section and to the preservation of opportunities for its people shall not be allowed to be discontinued.

For this reason I feel that under the plan of reorganization, the problems of the Great Plains should be carefully considered in order to promote in the best possible way the interests of the people who live on the farm and ranch.

Pierce News

Mr. and Mrs. Frank Garrett and girls visited in the W. A. Chappell home Thursday night.

Mrs. Frank Moss and Mrs. Frank Garrett attended the Teachers Convention in Canyon with Mrs. J. J. Boling, Friday. All parts of the program were very good, but addresses by Dr. Washburne and Dr. Hand were especially thought-provoking talks.

Mr. and Mrs. T. R. Davis and girls visited relatives in Canyon Thursday and Friday.

John Boling was called to Vega on business Friday.

W. A. Chappell called at the Frank Garrett home Sunday afternoon.

Mr. and Mrs. John Boling and family and T. H. Boling called in the Homer Boling home of Amarillo Saturday. Mrs. Boling has been seriously ill for several weeks.

Jessie Boss and Dottieve Boling spent Friday with Jacque and Jean Garrett.

Mr. and Mrs. Frank Moss and Jessie were Sunday guests in the Bedford Moss home of Canyon.

Mr. and Mrs. John Boling were in Hereford on business Thursday evening, and also visited Mrs. Alvie Wilson and family.

Relatives from Perryton visited in the Johnnie Gum home last week.

Mrs. W. I. Gum called at school one day last week.

Horse sense is knowing how to pull with others when you're hitched to a job.

Member of Art Department Has Exhibit in Museum

Opening today in the Mary E. Hudspeth Art Gallery is an exhibit of the work of Miss Marilyn Miller of the art department of W. T.

There are thirty pictures in the exhibition, including oil paintings, pastels, points, etchings and water colors. They will remain in the gallery until April 15.

Miss Miller has had her work exhibited in various cities of Texas, New Mexico, Arkansas and Louisiana. She has recently received honors upon "Mexican Bay," "Brick Plant" and "Lily," all of which are included in the exhibit here.

Miss Miller studied interior decoration in New York, and has done professional decorating and commercial art work in Dallas, in addition to her study at Texas State College for Women, and study under such internationally known artists as Carl Von Hassler of Munich, Germany, Alexander Hogue, Frank Klepper, Martha Simkins, and cartoonist John Knott.

Fairview Breezes

This community has been blessed with a nice little snow Saturday and Sunday of this week.

There being no school Friday, E. M. Wilson and family and Mrs. Harry Folk were shopping in Amarillo.

Florence Evans was on the sick list last week.

G. E. Wesley called in the J. W. Wesley home Friday.

Mrs. Harry Folk and children have been visiting her sister, Mrs. E. M. Wilson this week.

There's plenty of room at the top where we all want to be, but the crowd always seems to be at the bottom.

Beware The Cough
From a common cold
That Hangs On

No matter how many medicines you have tried for your cough, chest cold or bronchial irritation, you can get relief now with Creomulsion. Creomulsion not only contains the soothing elements common to many remedies; such as, Syrup of White Pine Compound with Tar, fluid extract of Licorice Root, fluid extract of Wild Cherry and Menthol, but also has fluid extract of Ipecac for its powerful phlegm loosening effect, fluid extract of Cascara for its mild laxative effect and, most important of all, Beechwood Creosote is perfectly blended with all of these to reach the source of the trouble from the inside. Creomulsion can be taken frequently and continuously by adults and children with remarkable results.

Thousands of doctors use Creomulsion in their own families as well as in their practice knowing how Creomulsion aids nature to soothe the inflamed membranes and heal the irritated tissues as the germ-laden phlegm is loosened and expelled. Druggists also know the effectiveness of Beechwood Creosote and they rank Creomulsion top for coughs because you get a real dose of Creosote in Creomulsion, emulsified so that it is palatable, digestible and potent for going to the very seat of the trouble.

Creomulsion is guaranteed satisfactory in the treatment of coughs, chest colds and bronchial irritations and especially those stubborn ones that start with a common cold and hang on for dreadful days and nights thereafter. Even if other remedies have failed, your druggist is authorized to guarantee Creomulsion and to refund every cent of your money if you are not satisfied with results from the very first bottle. Don't worry through another sleepless night—phone or go get a bottle of Creomulsion right now. (Adv.)

Panhandle Players To Present Drama At Panhandle Fri.

"Moor Born," recent successful production of the Panhandle Players, college dramatics organization, will be presented by the cast at the high school auditorium in Panhandle Friday evening, Miss Mary Morgan Brown, director, announced Saturday.

"Moor Born," five-act dramatization of the tragic life of the remarkable Bronte family, written by Dan Totheroh, was presented two nights on the stage of the auditorium in the Education Building two weeks ago, and was accorded an enthusiastic reception.

Invitations have been received by the Panhandle Players to present their drama at several cities in this section, Miss Brown said, but no definite arrangements have been made with the exception of the Panhandle appearance.

The cast of "Moor Born" includes Sarah Ellen Foster as Emily Bronte, Linnette Cain as Charlotte Bronte, Helen Boswell as Anne Bronte, Guilford Miller as Branwell, Thomas Newell as Rev. Patrick Bronte, Audrey Price as Tabby, and Ione Potter as Martha.

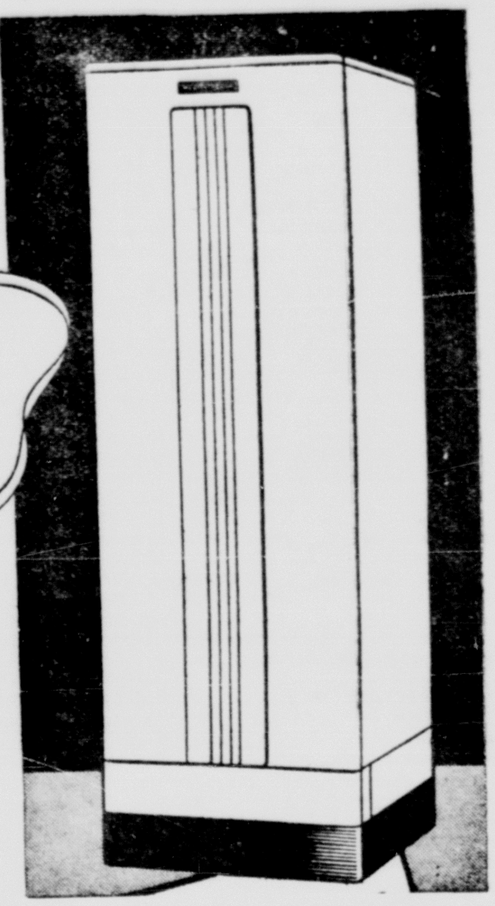
NOW YOU CAN HAVE... a smartly modern electric water heater with every economy feature

THE Empire by Westinghouse



It's so different, it doesn't even look like a water heater! But underneath that snow-white casing is the finest kind of electric water heater construction. Thick insulation seals IN the heat . . . the outside of the water heater is *cool* to your touch. Two other features also assure economy: First, the dependable thermostats that *automatically* turn the electricity on only long enough to heat the water; second, the efficient Corox heating units immersed right in the water, heat the water *fast*, without wasting electricity.

MODERNIZE ELECTRIFY your KITCHEN

TEXAS-NEW MEXICO UTILITIES COMPANY

GET CHANGED TO OIL-PLATING

Spring's here, but let's not put any loud "new suits" on all the old oil bogeymen. After all, botherless engine lubrication gets down to a few calm facts that are facts.

No. 1 . . . You want to be certain that your engine doesn't grind every time you start, while oil is "coming up" from below. Oil-Plating, produced only by Conoco Germ Processed oil, can never lose time "coming up," because it's already there! For the patented Germ Process creates such a powerful attraction between oil and metal that the inside of your engine becomes *Oil-Plated*. And you know that platings aren't runny, but stay up in place. That's the way Oil-Plating will stay up to ward off all the worst starting wear you ever heard of.

And No. 2 . . . Whether you've got a "good old car" or the latest thing, you want to make any driving schedule without being nervous about the heat indicator and the oil level. You can easily keep them where they belong. This is exactly why: the Germ Process creates a far stronger normal type of oil film and then checks friction still further by means of modern Oil-Plating—entirely extra . . . exclusive to Conoco Germ Processed oil. Costs no more when you change; costs you less all season. Continental Oil Company

Social Events of the Week

SOCIAL FOR SUNNY HILL CLUB MEMBERS FRIDAY

Mr. and Mrs. Henry Ratjen assisted by Mr. and Mrs. S. L. Robinson were hosts and hostesses to the Sunny Hill Home Demonstration Club members and their husbands at the lovely home of Mr. and Mrs. Ratjen Friday evening, March 12.

Bridge was played during the evening with high score going to Mrs. A. E. Wise and Amos Ratjen.

The Easter motif was featured in table decorations and the refreshment plate which consisted of fruit coctail, sandwiches, potato chips, angel food cake, punch, and Easter bunnies as favors.

Those enjoying the affair were Mr. and Mrs. W. T. Robinson, Mr. and Mrs. Tyson Hankins, Mr. and Mrs. Glen Dowlen, Mr. and Mrs. R. B. Elliott, Mr. and Mrs. Amos Ratjen, Mr. and Mrs. Lee Jennings, Mr. and Mrs. A. E. Wise, Mr. and Mrs. R. B. Gist, the Robinsons and the Ratjens.

MRS. STRATTON HOSTESS TO MISSION CIRCLE

Members and visitors enjoyed the afternoon Tuesday in the home of Mrs. C. H. Stratton when she entertained the Rose Walker Circle of the Baptist Church.

An interesting Bible study was enjoyed during the afternoon.

A delicious refreshments plate of angel food cake with home made pineapple ice cream was served by the hostess to Mrs. E. B. Anthony, Mrs. C. O. Cooper, Mrs. Henry Sparks, Mrs. M. E. Sorgee, Mrs. R. N. Frances, Mrs. C. W. Morris, Mrs. W. H. Hardin, Mrs. R. W. Ratcliff, Mrs. Lena B. Cope, Mrs. J. D. Key, Mrs. J. C. Dowd, Mrs. I. M. Steen, and Mrs. J. R. Hicks.

The Circle will meet with Mrs. Anthony next Tuesday afternoon.

MRS. RATCLIFF HAS MOTHER-IN-LAW CLUB

Members of the Mother-In-Law Club enjoyed the afternoon last Thursday when they met for the regular monthly meeting at the home of Mrs. R. W. Ratcliff.

Several talks were made on the recent observation of Mother-In-Law Day held in Amarillo. Mrs. Henry Sparks was taken in as a new member.

Refreshments of ice cream, cake, and mints were served to sixteen members and two visitors present.

The next meeting will be held with Mrs. W. A. Pierce on April 1.

MODERN KITCHEN TOPIC OF DISCUSSION BY CLUB

The Edgetown Home Demonstration Club had its regular meeting Friday, March 12, at the home of Mrs. J. W. Spencer.

A convenient and well equipped kitchen was stressed by Miss Allie Dozier as well as the importance of a septic tank or cess pool for the sanitary disposal of waste.

Ways of making money were discussed by the members, and the council report was given by Mrs. L. G. Campbell.

At the social hour hot tea with cookies were served to Miss Dozier, Mrs. L. G. Campbell, Mrs. J. W. Spencer, Pauline Spencer, Anna May Spencer, and Lucille Davis.

Mrs. Curtis Weathersbee will will have the next meeting of the club on March 26. Visitors are welcome and members are urged to be present.

LAS SENORAS NUEVAS CLUB WITH MRS. MARTIN

Members of the Las Senoras Nuevas Club drove to Amarillo last Wednesday to enjoy an afternoon of bridge with Mrs. H. W. Hartman of 3202 Tyler Street.

Spring talleys were used for the occasion and at the conclusion of the games the hostess served a salad course with coffee.

Mrs. J. Madison Daugherty was elected president of the club to fill the unexpired term of Mrs. A. K. Goodman, resigned.

Present were Mrs. R. E. Ball, Mrs. Tom Brasher, Mrs. Levi Cole, Mrs. J. Madison Daugherty, Mrs. Newton Crain, Mrs. Mitchell Jones, Mrs. R. W. Foster, Mrs. W. E. Miller, Mrs. Warren Johnson, Mrs. A. W. Hawks, Mrs. Owen Williams, all from Canyon, and Mrs. McCarley of Amarillo.

HIGHLAND CLUB ENJOYS PARTY SATURDAY EVE

Members of the Highland Home Demonstration Club, their families, and guests enjoyed a "Tacky 42" party at the Highland School last Saturday evening.

Following the games, refreshments carrying out the St. Patrick's day colors...were served.

Present were Mrs. Floyd T. Mitchell, Mrs. Clayh Fuqua, Mr. and Mrs. Carl Fuqua, Harry Fuqua, Mrs. R. J. Sharp, Florence, Lillie, Emerson and Vernie Sharp, Roy Brittain, Luther Mason, Clarence Beckman, and Mr. and Mrs. Elmer Mason.

MYRTLE WESTER SERVES AS NOBLE GRAND

A special meeting is being planned by the Rebekah Lodge members for next Tuesday evening when Mrs. Minnie Laughery will give her report of the Rebekah Assembly which met this week in Corsicana. Mrs. Laughery was the representative from this lodge. Members are urged to come and bring a covered dish for the supper to be served following the meeting.

Tuesday evening Mrs. Myrtle Wester presided as noble grand in the absence of Mrs. Nora Hart. Present were Mrs. Wester, Mrs. Margaret Cole, Mrs. Pinkie McBride, Mrs. Dollie Taylor, Mrs. Nora Peters, Mrs. Lillian Tate, Mrs. Winnie Gibbs, Mrs. Isabel Dickenson, Mrs. Myrtle Stratton.

LUNCHEON GIVEN FOR CANYON P. T. A.

Canyon members of the Parent-Teachers Association were hostesses Friday noon at a luncheon given for members of the Association who were present at the Conference. The luncheon was served in the dining room of Randall Hall.

Mrs. Dan Sanders, president of the Canyon group, served as toastmistress. A formal program was carried out during the dinner; the invocation was given by S. H. Condron; Mrs. Harry Brown of Canyon welcomed the guests, and Mrs. J. M. Crain, gave the response to the welcome. Introductions were made by Mrs. J. E. Griggs of Amarillo.

Dr. Carleton Washburne delivered the main address, and Mrs. C. T. Hunkapillar, Pampa, talked briefly on "T. P. A. Objectives." Special music was provided by Robert Axtell, violinist, and Mrs. Lee Foster, piano.

An orange and blue color scheme was carried out in the cut paper menus and fruit bowl center-pieces.

About 110 guests were seated.

PALO DURO H. D. CLUB WITH MRS. REYNOLDS

The G. A. Reynolds home was the meeting place of the Palo Duro Home Demonstration Club Thursday afternoon when Mrs. Reynolds acted as hostess to the group, and led a discussion on labor-saving devices in the kitchen. Each member followed the discussion with a labor-saving hint.

Council report was read by Mrs. Finley. Mrs. Dugan discussed the cake contest which was held in Amarillo Tuesday in which Randall county won second place. New pointers on meat canning as demonstrated at the meat show in Amarillo Monday were discussed by Mrs. Miller.

Those present were Mrs. Lewis, visitor and members Mrs. Henry Miller, Mrs. Ralph Ruthardt, Mrs. E. P. Harding, Mrs. Clem Dugan, Mrs. R. D. Finley, Mrs. W. G. Rose and Mrs. Reynolds.

Mrs. Arthur Albers will have the club March 25.

MRS. GEO. I. TAYLOR HAS JUNIOR CIRCLE

Members of the Martha Stewart Circle of the Methodist Church met Tuesday afternoon in the home of Mrs. Geo. I. Taylor.

Mrs. J. H. Stewart was in charge of the devotional while Miss Oscie Sanders, guest speaker, talked on "Education in the Home Field." Mrs. S. H. Condron gave an interesting paper on "Christian Education as an Evangelistic Force."

A short business session was held with Mrs. J. B. Morrisset presiding.

The hostess served butterscotch ice cream cake with coffee and mints to those present including: Mrs. Bob Cox, Mrs. W. E. Tandy, Mrs. Condron, Mrs. W. L. Walters, Mrs. J. H. Stewart, Mrs. Alfred Bellah, Mrs. J. B. Morriset, Mrs. Levi Cole, Mrs. J. B. Pope, Miss Sanders, and Miss M. Moss Richardson.

MRS. M. LACKEY HAS ROSE APPLEBY GROUP

Members of the Rose Appleby Circle of the Baptist Church had an interesting study followed by a social hour at the home of Mrs. M. Lackey Tuesday afternoon.

Bible study was given by Mrs. C. E. Heaton.

After the study a birthday cake with gaily lighted candles and a handkerchief shower was given by Mrs. Ed Phillips.

A salad course with the birthday cake, and coffee was served by the hostess to those seated.

EX-STUDENT WEDS PAMPA MAN

Announcement has just been made of the marriage of Miss Thirza Bourland, daughter of Mr. and Mrs. G. B. Bourland of Canyon and Lloyd L. McHoes of Pampa and formerly of Canyon.

The ceremony was performed by the Rev. Gaines B. Hall, in the First Southern Presbyterian Church of Wichita Falls on New Year's Day.

Mrs. McHoes has been teaching at San Jon, N. M., and will finish out her term there. Mr. McHoes is employed in Pampa.

Dr. Albert Barnett and daughter of Lubbock were in Canyon Saturday looking after business.

BUSINESS WOMEN HAVE LOVELY PARTY WED.

Last evening Mrs. C. R. Flesher and Mrs. Berl E. Mayfield delightfully entertained members of the Business Women's Club with a colorful bridge party at the home of Mrs. Flesher.

A clever way of finding partners and tables was introduced by passing out shamrock puzzles. During games of bridge the traveling prize did much galloping before it was finally stopped with Miss Allie Dozier at the conclusion of the games. Mrs. Lee Foster was the winner of high score prze.

Linen covers were placed and the tables were centered with softly burning green tapers. A tasty salad course with gerkins, green and white sandwiches, coffee, and green and white shamrock mints, was served. Potato cup favors were stuffed with salted nuts.

Present were Mrs. Lee Foster, Mrs. W. A. Warren, Mrs. Claude Moore, Mrs. Earl Robbins, Mrs. Clyde McElroy, Mrs. C. P. Overton, Mrs. N. E. McIntire, Mrs. James Cole; Misses Annie Ruth Eastus, Fannie Sue Brasuel, Gwendolyn Black, Olive Schramm, Allie Dozier, Jewell Foster, Virginia Jarrett, Grace Clark, Mattie Jordan, Ruth Greenfield, Belva Cain, and Paulne Crittenden.

Misses Billie Bee and Natalie Flesher assisted in serving.

MRS. J. L. DUFLOT HAS 1925 CLUB YESTERDAY

Members of the 1925 Club enjoyed an afternoon of bridge yesterday in the spacious home of Mrs. J. L. Duflot at 2302 Seventh Avenue.

The Saint Patrick color note was seen in the table accessories and on the refreshment plate, which carried a delicious dessert course with shamrock mints and coffee.

Members and guests present were Mrs. Warren Johnson, Mrs. Joe Black, Mrs. Robert W. Foster, Mrs. G. A. Farlow, Mrs. J. H. Rose, Mrs. R. N. Barnett, Mrs. Bob Cox, Mrs. J. Madison Daugherty, Mrs. W. E. Miller, Mrs. D. M. Stewart, Mrs. A. W. Hawks, Mrs. Tom Brasher, Mrs. Levi Cole, Mrs. C. A. Murray, Mrs. W. A. Warren, Mrs. Frank R. Phillips, Mrs. Owen Williams, Mrs. R. E. Ball, Mrs. M. S. Bishir, and Mrs. Andy Walsh.

NIGHT CLUB WITH MR. AND MRS. WILLIAMS

A very colorful St. Patrick's party was given Monday evening by Mr. and Mrs. Owen Williams at their home for members of the Monday Night Club.

Bridge was the diversion of the evening.

At a late hour covers in the green and white motif were laid for the service of a tasty dessert course with shamrock mints, salted nuts and coffee.

Enjoying the occasion were Mr. and Mrs. Andy Walsh, Mr. and Mrs. Warren Johnson, Mr. and Mrs. Harry Wood, Mr. and Mrs. W. E. Miller, Mr. and Mrs. Tom Brasher, Mr. and Mrs. Joe Black, Mr. and Mrs. Claude Moore, Mr. and Mrs. Newton Crain, Mrs. J. L. Duflot, Mrs. J. Madison Daugherty, and A. K. Goodman.

MISS MATTIE JORDAN HOSTESS TO LIBRARIANS

Miss Mattie Jordan of Canyon was hostess Friday at 12:15 o'clock to the high school librarians of the Panhandle district who attended the Educational Conference. An informal luncheon was given at the home of Mrs. Joe Thompson.

Directly after the luncheon, a program and organization business meeting were carried out. The purpose of the meeting was to organize a Panhandle district of the State Librarians' Association.

Miss Jordan, acting chairman, introduced the guests. Miss Dorothy Staley of Amarillo was elected Panhandle chairman; Gladys Holley of White Deer, vice-chairman, and Gladys Hooker of Whittenburg, secretary-treasurer.

A round table discussion on the organization of libraries was conducted, and Miss Frances Munson spoke on "Problems of a High School Librarian."

Plans were made to invite all high school librarians in this district to join the organization; dues were fixed at 50 cents.

MISSIONARY GROUP WITH MRS. NICHOLAS TUESDAY

Mrs. F. M. Munson led a very interesting study on "Education in the Home Field" Tuesday afternoon when members of the Methodist Missionary Society met in the home of Mrs. D. A. Nicholas for the monthly study and social.

Those leading discussions were: Mrs. I. C. Jenkins on Holding Institute; Mrs. W. W. Richeson on Valley Institute; Mrs. M. C. DeGraffenried on Sue Bennett College; Mrs. R. E. Foster on Vashti School; and Mrs. R. McGee on McDonald French Mission School of Louisiana. Devotional was led by Mother Collins and two songs were sung by the members.

Delicious refreshments were served by the hostess Mrs. D. A. Nicholas during the social hour.

MRS. GLENN COSTLEY HAS H. D. CLUB WEDNESDAY

Last Wednesday afternoon Mrs. Glenn Costley entertained the Lakeside Home Demonstration Club at her home.

Mrs. Tom Lair gave an interesting report on the recent council meeting, Miss Allie Dozier, home agent, gave a helpful talk on kitchen improvements.

Delicious refreshments were served to Mrs. Ruth Costley, Mrs. John Haines, Mrs. Tom Lair, Mrs. L. T. Campbell, Mrs. Harley Burrus, Mrs. Jim Babcock, Miss Anne Costley, Miss Dozier and hostess.

SINGING MARCH 21st

The Randall County Sing Song Band meets at the Palo Duro school house on Sunday, March 21 at 2:30 o'clock. Everyone is urged to be present, as special singers from Amarillo are expected.

CHURCH OF CHRIST

Earl L. Craig, Minister

W. T. High Seniors To Present Play Monday Evening

Booth Tarkington's lilting love story-comedy, "Tweedles," which will be presented by the W. T. High School seniors next Monday evening in the Education Building auditorium, depicts in unusual and exhilarated style, the struggle between two heritage proud families who think their own child too good for the other.

The unique setting for the three act, laughter-packed play is in a New England antique shop, where a box of Bristol glass brings the two young lovers together.

"Black Sheep" in both families are discovered by the heads of the two houses, which causes no end of argument, during which the lovers walk out arm in arm bound for the nearest marriage license bureau.

The parts of Julian and Winsora, the lovers, are taken by Lyman York McGehee and Nell Stevenson. Tweedle is Billy Norman, with Avent Lair and James Hines in the roles of his two sons, Ambrose and Phileman. Bonnie Dickinson will have the role of Mrs. Albergone. Pearl Mayben will be seen as Mrs. Ricketts; with Bob Money and Lela Loudder in the roles of Mr. and Mrs. Castleberry who are the parents of Julian.

Tickets for the production may be purchased for 25 cents from members of the W. T. High School senior class.

BAPTISTS TO HOLD DISTRICT MEET AT RALLS

Tuesday and Wednesday, March 23-24, the Baptist District Meeting will be held at Ralls with a combined meeting of Women's Missionary Union, Baptist Training Union, and Sunday School departments of all Baptist churches of this district.

Those who can attend or are interested, are urged to contact the various departments immediately.

Because of this meeting coming on these dates, the usual business and Missionary meeting of the W. M. U. will be postponed to the 5th Tuesday.

Best Performers in 1936 Movies

No. 1 actress and actor of 1936 are Luise Rainer and Paul Muni, above. Given the coveted award of the Academy of Motion Picture Arts and Sciences, Miss Rainer was cited for her portrayal of Anna Held in "The Great Ziegfeld." Muni won the award for his characterization of Louis Pasteur. Frank Capra was honored for his direction of "Mr. Deeds Goes to Town," while Walter Brennan was cite for his work in "Come and Get It."

A secret is something which you find out by reading the gossip columns.—Paducah (Ky.) Sun-Democrat.

It's all right for charity to begin at home, provided it doesn't remain there.

LOCAL NEWS

Gareld Tindle of Gray, Okla., was a guest of Miss Louise Solomon during the week end.

Mr. and Mrs. Ray Crowder of Clovis, N. M., and Mr. and Mrs. R. E. Wester of Amarillo were Sunday dinner guests in the parental M. M. Wester home.

Mrs. T. S. Maxwell was taken to an Amarillo hospital Monday for treatment.

Mrs. T. E. Mahoney is in Mineral Wells recuperating from a recent illness. She was accompanied by her sister, Mrs. Walter Irvin of Amarillo.

Other teachers from Alanreed who attended the Educational Conference here Friday and Saturday were Mr. and Mrs. J. W. Dillard, Ashley Little, John Plaster, and Miss Lillie Mae Tack.

Ray Robbins of Clarendon spent the week end here with his mother, Mrs. Earl Robbins.

Miss Mary Strain spent the week end in Dallas visiting her sister, Miss Margaret, who is slowly convalescing from a serious ear trouble.

Mr. and Mrs. Lee Foster visited friends in Memphis Sunday.

Mrs. Ed Harrell returned this week from Florida where she has spent the winter.

Charles Stratton attended the two day Conference here during the week end. He returned to his school work at Bethel Sunday afternoon.

Mr. and Mrs. C. H. Stratton visited in Amarillo Sunday afternoon.

Hal Gamble was in an Amarillo hospital Monday for treatment, but was able to return home.

Mrs. Oscar Hunt is improving from her operation last week in an Amarillo hospital. It was necessary to amputate her leg as the result of a blood clot.

Mr. and Mrs. Elmer Patterson of Hereford spent Sunday here with relatives.

Mr. and Mrs. W. L. Branson and son visited Sunday in the parental J. B. Elliston home in Hereford.

Mr. and Mrs. J. C. Carroll attended the funeral of their son, Chas. F. Carroll, in Hereford Sunday. Another son, T. J. Carroll accompanied them.

Mrs. N. E. Gass of Hereford was here Sunday to visit with her mother, Mrs. J. B. Hensley, who has been ill this week.

Mr. and Mrs. Hergert Dysart of Plainview were here Tuesday on business and visiting friends.

C. R. Flesher returned Saturday from Vernon where he was on legal business. His father is improving at Rock Island and it was not necessary for him to make the trip to his bedside.

Roscoe Davis returned Sunday from Sanatorium where he has been taking treatments for several months. He is greatly improved but will continue the rest treatments for at least six months.

Word from Temple indicates that Mrs. Burt Newlin is improving from her operation and will be able to sit up by the end of this week.

Mrs. Dan K. Usery left yesterday for Los Angeles where she will visit with her daughter, Miss Frances Usery, who is attending the University of California.

Travis Shaw has recovered from his illness sufficiently to be able to go to his office for a short time Tuesday afternoon.

Leonard P. Ayres, economist and banker: "General business will be better in 1937 than it has been in 1936 in spite of the unrest which prevails in much of the world."

Carl T. Compton, scientist: "Every fact or relationship of the election appears fuzzy with uncertainties when closely examined."

It's a Highway Paved With Gold!

Connecting Julian and Ramona, Calif., in the heart of San Diego county's mining region, this highway is literally paved with gold. Constructed in 1926, it was found recently to assay $7 a ton. Material for the road was obtained from a quarry, and Fred Koele and Orval Hammer are shown here searching for gold-bearing quartz on the quarry dump. County supervisors said it would not pay to tear up the road and sell the ore.

Jowell Items

There was no Sunday School Sunday, due to the conditions of the weather.

Mr. and Mrs. Ira Scott were in Canyon Saturday.

Mr. and Mrs. Harvey Hooten of Vega were guests in the N. W. Livesay home Monday night.

Doyle Hooten was in Amarillo on business Saturday.

Mr. and Mrs. N. W. Livesay and children spent Sunday in the parental home of Mrs. Livesay in Lockney, attending a birthday dinner given in honor of Norman Livesay, Mrs. Percy Hart and Ted Livesay.

James G. McDonald, former League of Nations official: "With the United States spending nearly a billion dollars in hurried preparations for war, the highest authorities in Washington would explain that it is not Europe but the East that is our immediate concern."

Johnny Ballard, Indian chief: "In the past it was the Indian who used paint to decorate his body and face. Now it is the white woman."

Tests show it is possible to telephone to and from moving automobiles. So a woman can stay at home and will be the backseat driver.—Rochester Times-Union.

Vermont hen lays four-yolked eggs, each about three inches long, proving, doubtless, that rugged individualism still exists in America.

The air is still free, but it costs a lot to remain able to use.

Wayside Items

Small crowd out Sunday at Sunday School on account of cold weather.

Rev. E. R. Foster failed to come to fill his appointment on account of cold weather, we suppose.

Elva Gillham fell while skating on roller skates at the school house a week ago, and sustained internal injuries. She was taken to an Amarillo hospital and underwent an operation. She is doing nicely last report.

Mr. and Mrs. W. I. Lane left Pampa Tuesday morning for Savanah, Mo., where Mrs. Lane is taking medical treatment at a sanatorium.

The Wayside school has a complete set of new curtains for the stage, consisting of a curtain and side wings, an interior, and secondary curtain with wings. The front curtain is a scene of the light house in the Palo Duro canyon. The painting was done by Jeff Whitman of Happy.

Several from Wayside attended the Fat Stock Show at Amarillo last week.

John Stockett and family visited relatives in Amarillo Saturday and Sunday.

W. C. McGehee made a business trip to Amarillo Saturday. Mrs. McGehee and Jack stopped over in Canyon and visited Mrs. L. J. McGehee.

Mrs. Carl Rogers entertained the Work and Play Club last Thursday.

J. M. McGehee, who has been visiting relatives here and at Canyon, has returned to his home near Gallegos, N. M.

Brown Byrd and family, who have been living near Clovis, N. M., have moved back to Wayside.

In North Carolina it's against the law to sell gasoline to an intoxicated person. No doubt filling stations in some States make it the rule to sell the gasoline first.—Patterson (N. J.) News.

Sometimes the "Men at Work" warning on the high road has all the connotations of a "quiet" card on the wall of a sleeping car.—Atlanta Constitution.

"Can you suggest a safe place in which to store a small quantity of petrol?" asks a correspondent. Why not try a pocket lighter?—Punch, London.

Now that they are making auto parts out of vegetables, one realizes what a smart man it was who first named truck gardens.—Saginaw News.

It takes a man with a lot of sand to land a girl with a lot of rocks.

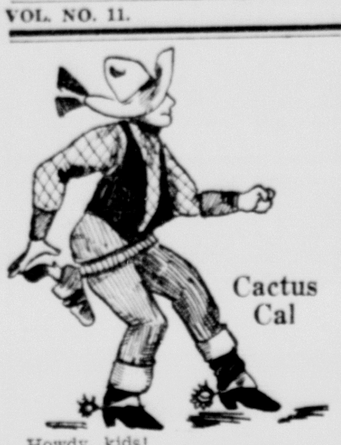
Oh, That Poor Married Man!

THE EAGLE'S TALE

"Here Comes Charlie!"

VOL. NO. 11. CANYON, TEXAS, MARCH 18, 1937. NUMBER 26



Howdy, kids!

It shore did give me a surprise when I came up to visit the school Friday and there wasn't any school. Since I did up my work early so as to spend the whole day with you, and got there and found nobody to gab with, I went up and visited the agriculture boys' chickens. Them chicks shore are growing; I jest hope I'm invited to help eat 'em when they are friers.

Wal, you basketball boys shore did get fixed up when Mr. W. H. Stroud presented you with those purty gold basketballs. Now other people 'cept the kids at school can know you won the district championship. Course I don't want to be preachin' at you, but think about what Coach Morris told you, 'cause I'd like to see you win regional next year.

It shore is queer that Edrie and Billy like to look at each other so much that it weakened their eyes and they had to get glasses. You other love birds better be careful, 'cause this loving seems to be hard on the eyes.

Those Juniors are putting on "The Poor Married Man" tonight and it shore ought to be a good play, 'cause a lot of marrying goes on and Miriah says that that marrying business might be sumpin you gals need some lessons on.

Wal, so long till the camel gets the hump out of his back.

Cactus Cal.

Greenfield, Wanda Brock, Natalie Flesher, Anne Maxwell, Marielle Oldham, Carolyn Mayfield, Alta Fly, Jack Inman, Bulah Brasuel, Margaret Stewart, and Melvin Calliham.

CLATTER! CLATTER! CLATTER!

"Clatter, clatter," go the sound of feet during the last period. Why are so many people in the halls during this time of day? There should be no more commotion in the halls during this period than at any other time of the day.

Track and football boys should go quietly to their locker room during the five minutes between bells, so as not to disturb classes. Now that basketball season is over, those who have been out for it should be in study hall during this sixth period.

If you get permission to go into the halls during classes, do so quietly. It is just as easy to tiptoe as it is to see how hard you can hit your heels on the floor. There are classes in almost every room, and it disturbs them when you go clattering down the hall.

There are really very few logical excuses for anyone to be in the halls during class periods; that is what the five-minute interval is for between bells. Do your part toward keeping the halls quiet during the last period and all other periods.

JAMMED IN A JAM!

Were you ever in a traffic jam? If you were, then you know how disagreeable they are and how hard they are to get out of. If you notice, we have "traffic jams" right here in our own halls, even though there are no automobiles.

When the bell rings, one group of students will gather in one end of the hall, another at the other end, and maybe some in front of the offices. As a result, you have to weave in and out among the pupils, probably bumping into someone and dropping your books.

Would it not be better if, when the bell rings, we all come out of our rooms and went directly to the next class, keeping to the right on the stairs and in the hall? This will save time and trouble and will prevent many tardies. See if you cannot abide by recognized rules in the hall just as you do when you are driving a car.

LEND A HELPING HAND

If you want the Student Council to be a success, do your part in practicing and enforcing the rules and policies which it is trying to carry out.

Keeping out of the street and careful driving in front of the school may prevent a serious accident. One accident prevented or one life saved would be worth all the time and thought it would take on your part.

The Student Council is setting out to improve playground equipment, take care of absence and tardy permits, control traffic in front of the building, and to prevent jams in the hall during the time between classes. It is looking out for the interests of all the school. Give it your co-operation in everything it undertakes.

SENIOR BOYS TAKE INTRA. TOURNEY

The Senior boys intramural basketball team came through with flying colors last Tuesday afternoon to win the tournament from the Juniors.

The games started Thursday, March 4, when the Seniors met the Seventh Grade and the Sophomores met the Juniors. The Seniors won this game with little trouble; but the Juniors obtained a slight margin only in the last few minutes of play to pull them out of the hole.

As it was a double elimination tournament, the Sophomores played the Seventh Grade, the Juniors played the Freshmen, and the Seniors played the Freshmen Friday afternoon. The Juniors played first, with the Juniors again showing a spurt of scoring in the last few minutes that won for them. The Sophomores also experienced difficulties in beating the Seventh Grade, who put up a game fight. Then the Seniors played the Freshmen; and though this was a little tougher competition than the first game, the Seniors came out with a decisive score. Thursday, the Seventh Grade and Freshmen were eliminated, having lost two games each, leaving the Seniors, Juniors, and Sophomores in the running.

Out of these three, the Juniors drew a bye and the Seniors and Sophomores clashed Monday afternoon in the semi-finals. This was the closest game of the tournament. The Sophomores showed their mettle here and almost squeezed the Seniors out of a win; but the upperclassmen won by a 1-point margin. This game eliminated the Sophomores, and placed the Seniors and the Juniors in the finals Tuesday afternoon.

These two teams were evenly matched, but the score was evidence of the best hustlers and ballhandlers, and of superior coaching. The Seniors started the scoring and held the lead all through the game, which finally ended with a score of 37-24 in the Seniors' favor.

There was plenty of backing for every team in the tournament because each class was pulling for its team to win.

The Senior team consisted of Tom Harris, guard; Luke Miller, guard; Willard Childers, center; Jack Middleton, forward, and Scott Downing, forward. Sherman Higdon, R. E. Prichard, and Lavert Avent were substitutes, and Melvin Calliham and Forest Hill were coaches.

The Junior team was made up of Fairy Hill and Jimmy Carr, guards; "Dodo" Brasuel, center; and Joe Patterson and Clarence Zachry, forwards. Their substitute was Billy Sternenberg, and coaches were "Bot" Rusk and Jimmy Pope.

The Sophomore team was Glenn Moss and Tommie Butler, guards; Rayburn McKee, center; and Billy Davis and Glen Hicks, forwards. Hal Harrison and Eugene Newberry were substitutes, while Eston Brietling and Mabry Vandergriff coached.

The Freshman team consisted of Hudson Prichard and W. J. Wooten, Jr., guards; Alvis Ford, center; James Drummond and Billy Jo Hunter, forwards. Joe Gill and D. A. Butler were coaches.

The Seventh Grade team was made up of Alvah Doak and Jessie Beley, guards; Milfred Tucker, center, Duyare Ford and J. R. Brooks, forwards. John B. Pope coached the Seventh Grade. These boys, mostly small, are to be commended for their sportsmanship, spirit and the hard fight they put up to beat teams that were completely out of their class.

The games were refereed by Mr. Gerald Brown, coach of girls' basketball, who picked the all-tournament team. This team consisted of Tom Harris, senior, guard; Joe Patterson, junior, guard, Willard Childers, senior, center; Jack Middleton, senior, forward; and Rayburn McKee, sophomore, forward. Each of these boys did more than his part in the games he played; so this distinction and honor is well-earned.

This tournament is generally considered the best ever conducted in Canyon High School, and the teams certainly at least matched any that have shown up in the past.

Junior Class Presents "A Poor Married Man" Thursday Nite

Charlie's Coming to Town; Watch Out for Him

"Here Comes Charlie!" is the play chosen by the seniors for their class play this year.

This is an outstanding stage production in three acts that will furnish two and a half hours of hilarious entertainment.

Mr. H. G. Moore and Coach Emil Hutto, senior sponsor, will direct this play, and they intend to produce a huge success.

Billy Greenfield, C. L. Drummond, Melvin Calliham, Mavis Harden, Marielle Oldham, Betty Ruth Solomon, John B. Pope, Sherman Higdon, Hardine Rogge, and Jack Inman have been chosen from the try-outs as characters; and they, too, intend to co-operate to the fullest extent in making the play go over in a big way.

With all this material, how could it help but be a scream? Watch for the date, and don't fail to see "Here Comes Charlie."

Torn pants! Flying shoes! Bursting skillets! Here comes "A Poor Married Man." As all this takes place, Prof. Wise, played by Jimmy Pope, lets Jupiter, acted by Sam Robinson, know that he is poisoned.

Wise says, "Get an antidote."

Jupiter yells, "Yas, sah! Get a nanny goat."

These are just a few things that happen in the Junior play, "A Poor Married Man," which is to be presented this evening at 8 o'clock in the high school auditorium.

There is a laugh for every one; so don't get cheated. Come get your share of the laugh. It is just fifteen and twenty-five cents.

Note: The Juniors state that the play is especially dedicated to all married men.

Unit Completed By Second Grade

Mrs. Stella Murrell's second grade has completed a unit on clothing which centered around the study of cotton and the sheep industry. The children have made four large charts of woolen and cotton products. The charts represent clothing suitable for fall, winter, spring, and summer.

They have made a frieze of a shepherdess with her flock of sheep, which are covered with real wool. They have also made a sheep camp consisting of a wheat field, a flock of sheep, a windmill, high and low tanks, and a corral. The herder, his wagon, and equipment are all there.

Stories have been read and booklets written on this unit, which, according to Mrs. Murrell, show the keen interest the children have taken in it.

Pep Squad Has Pajama Party

A pajama party was given for the Pep Squad at the home of Dorothy Warwick at 7:30 o'clock Thursday evening.

Everyone who came to the party paid 10 cents and was entertained with ping pong, playing the piano, and singing. The girls danced to radio music.

Those served ice cream and wafers were Evelyn Cluck, Mary Collins, Billy Greenfield, Natalie Flesher, Mavis Harden, Renna Beth Bellah, Betty Ruth Solomon, Helen Hurst, Helen Johnson, Obera Burgan, Mary Bourn, Mary Jo Avent, Marielle Oldham, Edrie McNeil, Lillian Chambers, Marie O'Donald, Kate Donnell, Carolyn Mayfield, Martha Jo Newlin, Sarah Thompson, and the hostess, Dorothy Warwick.

Girls Intramurals Near Finals

The senior girls have won their way into the finals, while sophomores and juniors will play for the honor of going to the finals. The rest of the teams have been eliminated.

In the first bout of the girls' intramurals the seniors defeated the freshmen with a score of 3 to 5, the game being a tie up until the last quarter. In the next game, the sophomores defeated the seventh grade by a wide margin. Then the juniors who drew a bye for the first game, played the sophomores in the second bout and defeated them with a score of 15 to 17. The seventh grade was the first to be eliminted from the tournament, and bowing to the freshmen in a close game in which the score was 10 to 14.

The seniors won their way to the finals over the juniors in a hard-fought game in which the final score was 20 to 11.

The sophomores and freshmen were the next to play, and this game proved to be the most thrilling one of the intramurals. At the finish of the game, the score was tied 16 to 16, and an extra quarter was added to break the tie. With a sudden spurt of energy the sophomores finished in the lead with a score of 21 to 18.

Spring With Epidemic Of—Marble Playing

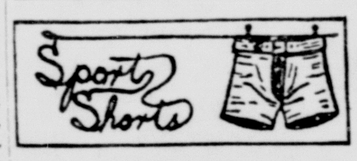
"In the spring a young man's fancy turns, and not so lightly, to thoughts of marbles."

At least it doesn't seem so lightly, for if you look on the playgrounds you will find boys of every age who play marbles during their leisure time. One of the first signs of spring in Canyon High School is marbles jingling in boys' pockets as they walk up the aisle of the study hall, or maybe the marble itself progressing rather swiftly down the aisle. It has been reported that Sam Robinson holds the limelight in the game, with his brother Nelson close behind.

No matter if it is hot or cold, when boys begin to play marbles we know that spring has come at C. H. S.

Mrs. Leonard Britt, formerly Betty Sternenberg, and her young son, Joe Ray, are visiting her parents, Mr. and Mrs. A. W. Sternenberg.

Margaret Stewart was asbent because of illness the first part of the week.



Well, well, spring football must be going rather well, 'cause I noticed one of the best players was all frizzled out after practice the other day. That seems to be a good sign of real work. By the way, they must be treating 'em rather rough out there, because some of them get scratched up or get a "charlie horse" when they make a three-point landing on that "soft" sod. Some of the boys even have to let "Potty," our new manager, give them a little jujitsu to prime them up.

By the way, marbles must really be getting popular. We can't determine who will be the marble champion for this year. Jack Taylor boasted of being "marble king" last year.

The girls really showed some pep and extra effort during the basketball tournament. Every class team looked like a flock of well-trained Eaglettes.

I was surprised not to see "Pritch" and "Luke" and the rest of the bunch get off their track course and run an 18-mile relay race to the Fat Stock Show. Those boys really train.

The Student Council is sponsoring a move for additional playground equipment for the use of the boys and girls during the noon period. Spring weather is nearly here and playground equipment is very much in demand. Also, when the school has the annual play day early in the spring, this equipment will really be in demand.

Talk has already started of who is going to win the Senior-Eagle spring training game to be played on the school's play-day. The seniors will have a full team of ex-lettermen, while the Eagles will have only 7 letter men. It is sure to be one whale of a scrap. Rivalry is strong and also beef is plentiful. The Eagles will have the edge in training, but the seniors have the experience to offset this.

SPEECH ARTS TOURNAMENT TO BE HELD IN AMARILLO

The annual tournament in speech arts will be held next Saturday in Amarillo. Students from Canyon High School who are entering the tournament are Kate Donnell and James Pope, senior declaimers, who have been coached by Mr. Gerald Brown and Mr. H. G. Moore; and Shirley Ann Oliver, Lillian Chambers, Sherman Higdon, and John B. Pope, debaters, whose coach is Mr. Brown.

GUESS WHO?

He runs a dairy business,
A Senior tall is he.
His hair is brown, his eyes are green,
Now guess who this can be.

Answer to last week's Guess Who, Dayton Morris.

Melvin Calliham spent the weekend at his home in Conway.

JUNIOR CLASS LEADS HONOR ROLL

The Junior Class leads the last six-weeks' honor roll, placing 20 per cent of their class. The seniors place second with 19 per cent; freshmen and seventh grade tie for third place with 12 per cent each; the sophomores placed last with 10 per cent on the honor roll.

The six weeks honor roll as compiled by the principal's office, is as follows:

5 A's: Betty Guthrie, Grant Sharman, Jimmie Pope, and Marielle Oldham.

4 A's: Sherman Higdon.

4 A's, 1 B: Lucille Davis and Sarah Thompson.

3 A's: C. L. Drummond.

3 A's, 1 B: Lillian Chambers.

3 A's, 2 B's: Dorothy Jean Heath, Martha Frances Campbell, John Albers, Shirley Ann Oliver, and Mildred Shuman.

3 A's, 3 B's: E. W. Woods and Norma Lee Black.

2 A's, 2 B's: Drennan Harding, Hudson Prichard, Melvin Calliham, Evelyn Cluck, and John B. Pope.

2 A's, 3 B's: Hazel Sanders.

1 A, 2 B's: Natalie Flesher.

1 A, 3 B's: Mildred Tucker, Joe Harry Roberts, and Jean Slack.

1 A, 4 B's: Garl Cone.

1 A, 5 B's: Harry Brown.

5 B's: Mary Lou Burnett and Carl Small.

4 B's: Helen Schuette, Alta Fly, Helen Johnson, and Pauline Moore.

Eagles Rewarded Basketballs

Melvin Calliham, student council president, outlined a safety program to the assembly Monday morning, and gold basketballs were awarded to the Eagles.

The district basketball champions were awarded gold basketballs with a purple "C" and District Champions, 1937 engraved on them.

The following received the awards: Ray Ford Rusk, captain; Melvin Calliham, C L. Drummond, Joe Gill, J. D. Breitling, Eston Breitling, Mabry Vandergriff, D. A. Butler, Forest Hill, James Pope, John B. Pope, and Coach Milton Morris.

The money to buy the basketballs was raised by Mr. H. W. Stroud, chairman of the Board of Education. About fifty business men and women of Canyon contributed to the fund.

Calliham urged that the student body co-operate with the Student Council in carrying out fire drills to where they would be safe, and in being safe in traffic both in the streets and hall, and obeying all rules.

"If I Had a Talking Picture of You"

"Hey, you! Come here a minute."

"I want your picture."

"Hey, give me your picture before you give them all away."

"I don't like you. You gave all your pictures away and didn't give me one."

"Say, you didn't sign this one."

These are some of the many exclamations that one hears about this time every year. Graduation time is slipping nearer and nearer, and the seniors are trying to get their pictures made before they graduate, and every one of them wants one of every other senior. The worst part of it all is that no one wants to be slighted and not get a picture when he asks for one.

With the pictures as a starter, all of the seniors realize that their graduation is only a few months away and that after an average of eleven years in school they are about to pass out of the door of the high school. While they are here, they are determined to get pictures as souvenirs of their days in high school.

"Well, it won't be long now," said the monkey, as he got his tail in the sausage grinder. So the seniors say now as they look forward and see only about two months before them and high school graduation, where before, at the beginning, there were eleven years or ninety-nine months of schooling.

P. T. A. PLANS RADIO PROGRAM

Plans for the radio program to be given soon by the Canyon Parent-Teachers Association were made at a meeting of the executive board of the organization held at the home of Mrs. R. E. Ball Monday afternoon. The board also discussed plans for a book tea which the P. T. A. is to give sometime in May, and reports were heard from the various committee chairmen.

Helen Hurst visited in Happy Sunday.

Mary Collins spent the weekend in Amarillo.

Faculty On Program For Educational Conference

Washburn Speaks to Faculty Study at Amarillo

The Faculty Study Club went to Amarillo Thursday night to hear Dr. Carleton Washburne speak on "Mental Hygiene." Dr. Washburne, one of the main speakers for the Educational Conference, is superintendent of schools at Winnetka, Ill. The meeting was held in the Amarillo High School auditorium at 8 o'clock.

All members of the faculty attended this meeting except Mr. Milton Morris, who was ill. The following members took their cars: Mr. Gerald Brown, Mr. Milton Sanders, Miss Fannie Sue Brasuel, Miss Grace Clark, Mrs. Carl Scott, and Mr. Irby Carruth.

Duflot Speaks To Study Club

"Parents, consciously or unconsciously, are a most important factor in juvenile protection," said Mr. J. L. Duflot, teacher of sociology at the college, in his lecture to the Study Club of the Parent-Teachers Association last Thursday afternoon.

The principal thought that Mr. Duflot developed was that children learn to make primary adjustments in the home, and that it is when they turn from these home adjustments to secondary or community adjustments that they are faced with problems.

"Is our training such that our children can meet these situations in a fairly successful way?" asked the speaker.

Ordinary necessities of life and the general well-being of the child are also factors to be considered in juvenile protection, according to Mr. Duflot.

After the lecture, an informal open forum was held, members asking Mr. Duflot questions on the topic of discussion.

Eagles Track Men Train for District

The Eagles track men started training last week for the district track meet to be held in April. The boys are planning to have an entry for almost every event and are out to gain quite a few points in the meet.

Ray Ford Rusk will run the 220-yard dash and the 440-yard or quarter-mile. Jack Middleton will run the quarter. Herschel Burrus will round out the quartet of quarter-milers. R. E. Prichard and C. L. Drummond will run the half-mile. Odell Miller and Melvin Calliham will participate in the mile run. Middleton and Rusk will high-jump and broad-jump, and Calliham and Drummond also will broad-jump.

Spring football practice started last Wednesday week with seven lettermen and about twenty-five recruits suited out. Punting and passing were stressed all last week. According to Coach Hutto, the Eagles will have four boys in the backfield who can punt and pass the ball.

Lettermen returning from last year are Captain Ray Ford Rusk, Co-captain Fairy Hill, Joe Gill, D. A. Butler, Jimmie Carr, Jimmie Pope, and Douglas Brasuel.

Recruits who show an exceeding amount of promise are Mabry Vandergriff, Glen Persons, Joe Grady Crowley, Joe Patterson, Eston Breitling, Alvis Ford, "Tater" McKee, Hudson Prichard, Tommie Butler, Billy Joe Hunter, Sam Robinson, W. J. Wooten, and James Drummond.

GRADE NOTES

The first grade, of which Mrs. T. W. Collins is teacher, is studying milk as a continuation of their health unit. The pupils intend to build a dairy barn.

Imogene Langston of Four-B withdrew from school last week.

Grade Four-B is closing their unit on health and beginning a unit on clothing.

Some ex-students of C. H. S. who attended the Educational Conference were Ethel Ruth Collins, Joe Slack, Lucille Davault, Mrs. Virgil McGee, Broughton Harden, Melba Gamewell and Vincent Lockhart.

Henry Campbell, former student of Canyon High School, visited Glenn Campbell over the week-end.

Mary Catherine Wirt and Kate Donnell ate dinner with Mr. and Mrs. Clarence Bauer Sunday.

Six members of the faculty participated in the program of the Northwest Texas Conference for Education held last Friday and Saturday at West Texas State Teachers College.

The first general session was held at 9 o'clock Friday morning and the last session was Saturday morning. Superintendent I. B. Carruth was president of the conference. Other Canyon High School teachers on the program were Mr. Milton Morris, who was chairman of the Vocational Agriculture Teachers' Section; Mr. John B. Pope, principal, chairman of the Commerce Section; and Miss Elva Fronabarger, supervisor of the Elementary School, who took part in the panel discussion of the Elementary School Teachers' Section. Miss Gwendolyn Black directed the Junior Choir and played for the Choral Concert; and Mr. R. G. Stephenson directed the Canyon High School Band in a concert before the High School Teachers' Section.

Dr. James F. Webb, former superintendent of schools in Canyon and now director of teacher-training at North Texas State Teachers College, Denton, also had part on the program.

Pep squad girls were used as ushers both days; home economics girls served at the various luncheons; and Mary Collins, Evelyn Cluck, Carolyn Mayfiled, and Marielle Oldham had charge of the sale of the tickets for the Vocational and the Administrators' luncheons.

"Tell Us a Story Grandpa"

"Grandpa, Grandpa, tell us a story!"

Thus began some of the themes on life in 1850 as compared with life in 1800 that were written recently by the pupils in the seventh grade history class taught by Miss Jewell Foster.

The girls imagined themselves grandmothers of 1850 telling their grandchildren about their childhood days. They told how they used to visit their grandmothers and help with the housework. They compared the methods of doing this in 1800 with those of 1850, with its modern conveniences such as the new iron stoves and the sewing machine.

The boys likewise imagined themselves grandfathers telling their grandchildren of their childhood. They told how they had to get up early to clean cotton by hand or cut grain with a scythe; then they compared this with their own day with the new Whitney cotton gin and the first McCormick reaper.

Several members of the class also brought pictures for the bulletin board, showing progress in transportation, farm machinery, etc.

Bible Speaks To Homemakers Club

"St. Patrick's Day" was the subject discussed by Juanita Bible at the Junior Homemakers Club last Tuesday at noon.

The president, Mildred Shuman, called the meeting to order and presided over the business session. The club planned a picnic and decided to make arrangements to take their play, "The Mystery of the Masked Girl," to Happy soon.

Cocoa, cookies, and mints were served by Dannie Stewart, Beatrice Burrus, Mary Bourn, Lillian Chambers, and Margaret Stewart.

Sue Terry visited friends in Justiceburg last week-end.

Shirley Ann Oliver spent the week-end in Amarillo.

Mrs. Milton Morris visited in Amarillo Monday afternoon.

The most effective way to fight a reform is not to fight it at all.

Wrestlers Win Third Straight Title at Roswell

Institute Leather Pushers Retain Title In Boxing

In several close battles, the wrestling team added their third consecutive title in the intercollegiate invitation Golden Gloves tournament at Roswell Friday and Saturday.

A check up of the results found the New Mexico Military Institute and West Texas tied with a 16-16 score, but the trophy was awarded the visiting team. The boxing title was retained by the Institute.

Four of the seven won their matches in the wrestling and the two pugilists entered were defeated.

Jack Jennings, flashy Buff ear twister, found little difficulty in disposing of Benda, Texas School of Mines, by a fall in slightly less than 2 minutes in the 155 pound division. Monroe Horton took a time decision from Johnson, Mine, to cop the 165 pound title.

George Caviness easily took Hennessee, Institute, by fall, and Leo Jackson added the final triumph for the Buffs by a decision over Allison in the heavyweight.

In the 125 pound division, George Schmitz lost by time to the aggressive Hatcher, Institute. Threadgill, Institute, gained a time decision over Durward Knowles in the 135 pound weight, and Jenkins garnered the third triumph for the New Mexicans from Lee Gordon, 145 pound entry.

Only two pugilists were entered in the meet and both were unsuccessful. Tom Slack lost to Kuykindall, Institute, and Koury, Institute, triumphed over Lwood Dow.

Pampa Band To Play at Assembly Hour Saturday

The Blue and Gold Band and Chorus of the Sam Houston School of Pampa will furnish the assembly program next Saturday morning. The band is directed by Oscar Croson, '35, and A. L. Patrick, '33, principal of the school will come to Canyon with the small entertainers. Supt. R. B. Fisher allows the music organizations to make a limited number of trips each year in order to encourage study by their members. The Pampa Public Schools are known for their development of music and speech arts among the pupils.

Library Receives Gift Bulletins For History Reserve

Among other new books received this month by the library of W. T., are two bulletins and Volumes 7-12 of the Texas Historical Quarterly. These were given to the History Reserve section by Dr. H. B. Carroll and members of his history classes.

The bulletins are "The People's Party of Texas," by R. C. Martin, and "The So-Called Wends of Germany and Their Colonies in Texas, and in Australia," by G. C. Engerrand.

Zita Breezes

Everyone is rejoicing over our new prospects for a wheat crop. The wheat is improving considerable.

Mrs. Paul Mathews and Dorothy Nell drove out from Amarillo Sunday afternoon to visit Mrs. Emma Gruner.

The 4-H Club boys of our community marched with the Randall county group in the parade in Amarillo last Wednesday.

H. B. Hales left Thursday night for Fort Worth with two truck loads of show cattle.

Mrs. L. J. Fulton visited her daughter, Mrs. Elmer Mason of Bushland, Tuesday evening.

The Home Demonstration Club met with Mrs. Zieler this week.

Mr. and Mrs. R. P. Hales of Amarillo visited in the H. B. Hales home Sunday.

Forrest Gruner is in Fort Worth this week attending the Fat Stock Show.

We are glad Mrs. Elliott is able to be out again. She visited her son, Boyd Elliott, Monday morning.

Mr. and Mrs. H. R. Fulton were in Amarillo Monday on business.

Mr. and Mrs. Norris Hill are spending a great deal of time with their recently purchased baby chicks.

Mrs. H. R. Fulton, Mrs. John Moody and Mrs. Eula Watson visited Mrs. Jess Upchurch Monday evening.

Wayne McCormick was visiting in our community this week.

John Moody was in Amarillo Monday.

Most everyone that have had colds and flu are better and able to be up and out.

Mrs. Eula Watson made a business trip to Canyon Monday.

Mrs. John Moody visited school Tuesday morning.

Tierra Blanca News

The wheat is looking fine after the nice shower we had last week.

Francis and Dorothy Marie Hand visited with Helen and Juanita Hutchison, Sunday afternoon.

Mr. and Mrs. W. C. Thomas and family were shoppers in Amarillo Friday.

James Jennings visited in the H. L. Prichard home Sunday.

Mr. and Mrs. G. A. Reynolds moved to Albuquerque last week. Their son, Robert, will stay in Canyon for the rest of the school term.

J. B. and George Hand visited with Roy Joe Stevens Sunday afternoon.

Mr. and Mrs. W. C. Roberts visited with her daughter, Mrs. C. V. Canatser Saturday.

Bill Woods visited in the H. H. Hand home Monday.

Catherine Canatser, W. C. Thomas and George Hand were on the sick list this week.

Mr. and Mrs. G. A. Reynolds were given a farewell party Saturday night. We wish them luck on their trip.

Mr. and Mrs. H. H. Hand attended the Fat Stock Show in Amarillo last Wednesday.

Fred Bragg visited in the O. D. Bragg home over the week end.

That San Jose, Calif., man who sued for divorce because his wife liked her dog better than she liked him, must have decided he'd been in the dog-house long enough.

Buffaloes Win Two Games From Colorado Quintet

Arthur And Butler Win Individual Scoring Laurels

Playing under the edge of the Rocky Mountains, the Buffaloes returned their series with the Colorado School of Mines of Golden, Colo., by slapping them for a duet of losses, 42-26, 42-36.

In the first encounter, the Buffs were never pushed for the honors, and went about their scoring with mechanical precision. Arthur hit the hoop for 14 counters to lead the offensive margin. Shackelford followed close behind.

Attempting to duplicate their first night's stirring exhibition, the Buffs contacted a rejuvenated Miner team the following night that capitalizing on their long shot ability with amazing regularity. Tiny Mayor, Miner substitute, hit the mesh for 12 points in the last half to whittle the 23-13 lead that the Buffs commanded at mid-time. Conway Butler, acting Buffalo captain, furnished a crafty spark of quick breaking to dodge through for 15 markers and the high scoring honor.

Mayfield, Groom To Lead Calves on Grid, In Gym

George Mayfield and Douglas Groom were chosen captains of the 1937-38 editions of the W. T. High School Calf football and basketball teams, respectively at a meeting of this year's football and basketball lettermen recently.

Mayfield, a hard-fighting guard, was one of Coach L. T. Barksdale's main forward wall cogs during the last football season, and is expected to lead the herd in fine style next year.

Groom, a lanky first-string pivot man on this year's cage squad, will pilot next year's basket-weavers. With a little more experience under his belt, Groom is expected to play an exceptional offensive as well as defensive game.

Los Angeles boasts that, as a result of its new "don't soak the tourist" policy, it attracted 1,517,864 visitors last year, but its heavy dews still persist.

Hitching posts that have been standing in Sandusky, O., for the last 50 years have been removed. That town believes the automobile is here to stay.

Our idea of a philosopher is a fellow who has so many things to worry about that he just passes all of them up.

Money is said to be the root of all evil, which may explain why we keep on digging.

Rusk Quizzes

Mr. and Mrs. C. G. Stallings visited Mr. and Mrs. R. N. Henry Sunday afternoon.

Mr. and Mrs. J. T. Sykes were shopping in Amarillo Wednesday.

Donald Lee Prichard spent Wednesday night with Leon Smith.

Mrs. Thomas Ficke was a caller in Canyon Tuesday afternoon.

W. H. Dawdy and Alfred Babb were in Amarillo Saturday morning.

Lorene Smith spent the week end with home folks.

We received a light snow Saturday night which will be of much help to the wheat.

The 4-H Boys of this community attended the Fat Stock Show in Amarillo Wednesday.

John Royal transacted business in Amarillo Thursday.

That Spokane, Wash., divorcee who married a railroader so she could get a pass to travel on the railroad must have been told where to get off.

It wouldn't be so bad taking things as they come if a fellow just knew what to do with them after they arrive.

Alfred V. Kidder, professor: "In 1920 the mortuary magnificence of King Tut-ankh-Amen put archeology definitely on the map."

SHERIFF'S SALE

THE STATE OF TEXAS,
COUNTY OF RANDALL.

By virtue of an order of sale issued out of the Honorable District Court of Potter County, Texas, for the 47th Judicial District, on the 23rd day of February A. D. 1937, by the Clerk thereof in the case of First State Bank of Overton, Texas, vs. Pickering Lumber Company, Dempster Mill Manufacturing Company, Amarillo Bank & Trust Company of Amarillo, Texas, American State Bank of Amarillo, Texas, The First National Bank of Amarillo, Texas, The National Bank of Commerce of Amarillo, Texas, The Amarillo National Bank of Amarillo, Texas, J. R. Wrather, D. Y. Wrather, John E. Wrather, Mazie Wrather, J. D. Wrather, Amarillo Producers & Refiners Corporation, Amarillo Products & Refinery Corporation and Southwestern Public Service Company, No. 9762, and to me as Sheriff directed and delivered, I will proceed to sell, within the hours prescribed by law for sheriff's sales, on the first Tuesday in April A. D. 1937, it being the 6th day of said month, before the Court House door of Randall County, in the City of Canyon, Texas, the following described property, to-wit:

All that certain lot, tract or parcel of land lying and being situated in the County of Randall and State of Texas, known and described as an undivided one-half (½) of all of Section No. One Hundred Seventy-five (175) and the East one-half (E ½) of Section No. One Hundred Seventy-four (174) of Block Two (2) A. B. & M. Survey, Randall County, Texas.

Levied on this 26 day of February A. D. 1937, as the property of D. Y. Wrather, to satisfy a judgment amounting to $24,569.00, in favor of First State Bank of Overton, Texas, and costs of suit.

Given under my hand this 26 day of February, A. D. 1937.

R. N. BARNETT, Sheriff,
Randall County, Texas.

51t4

BACK HOME!

I am pleased to announce to the people of Randall county that I have bought Bob's Coffee Shop from Carl Scott and assumed the management on March 15.

I am highly pleased to be back in Canyon with the business which I established five years ago.

I wish to thank all citizens for the business which they have given me in the past, and invite each one to continue this patronage.

Improvements are being made for the better service of our patrons.

BOB'S COFFEE SHOP

B. R. (Bob) Clark, Owner

QUALITY UNSURPASSED SINCE 1869

1937 Auto Plates

Must be on all cars by midnight of April 1st, 1937, or owners will be subject to a fine.

Highway officers are instructed to arrest those who have not properly equipped their cars with the new plates.

The plates are ready and may be placed on the cars as soon as they are bought.

All drivers must secure and carry a drivers license, which may be secured free of charge.

R. N. BARNETT

Sheriff, Tax Assessor and Tax Collector

Fundamentals About Rotary Are Discussed At Weekly Meet

Rotarians talked about Rotary at the weekly luncheon of the club on Tuesday. Charles Edward Donnell, chairman of the program committee, was in charge of the program and introduced the speakers.

Secretary Bob Foster discussed membership, the qualifications of members and how members may be secured. At the present time the club has a membership of 37.

W. L. (Bill) Smith discussed attendance, and the requirements of Rotary International as to attendance.

Oscar Gano discussed Rotary Information. He traced the growth of Rotary, its objects and the possibilities of the future.

President Harry Brown announced the following nomination committee which will bring in a report next Tuesday of nominations of officers for the year starting July 1st: Walter Upchurch, Oscar Gano, Joe Hill, George Foster, and Clyde Warwick.

Tom Callaway resigned from the club as he is moving to Plainview.

Visitors present were: C. T. Crowe, L. A. Wells, O. W. Wright, I. E. Davies, all of Amarillo; T. V. Slack, R. L. Boling and Rev. J. O. Quattlebaum, all of Canyon.

Football Squad To Start Spring Training Next Monday

Call has been issued by Coach At Bagget for all football candidates to report for spring training next Monday.

A large squad of eligibles will be on hand to practice under the new rules which have been adopted for next fall's play.

Ray Campbell was in Fort Worth Tuesday on business.

Projects Approved

(Continued from first page)

Completion of the sanitary facilities at the entrance.

Completion of the two cabins near the lodge.

A new engine and pump are being installed in the well at the entrance of the park, and a reservoir is being completed. This well will furnish water for the entrance as well as water for the cabins on the rim and the lodge. This water system is practically completed, states Mr. Anderson.

Recruits for the CCC Company will be received the 1st and 15th of April. Since the number of CCC companies over the nation has been ordered reduced, it is hoped that all companies may be recruited to full strength and maintained at full strength during the period. The company at the Palo Duro has been from 40 to 75 men short of full strength throughout the past period.

Mr. Anderson is highly pleased with the program that has been made for his force during the coming period. The National Park Service has designated Palo Duro as one of the greatest projects in the Southwest, and the development program for the coming period indicates the interest the department has in its completion.

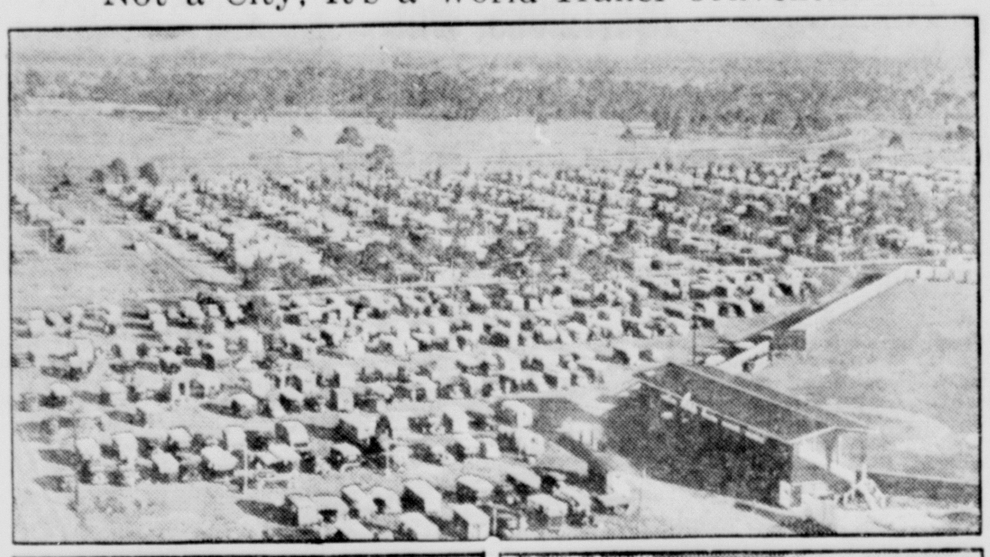
Conservation

(Continued from first page)

culture he will have charge of the President's conservation program. Jones has introduced an emergency appropriation bill for $2,000,000 for listing to combat wind erosion. The Panhandle organization endorsed this bill and wired Jones Tuesday urging that it be passed at once.

Mr. Warren states that according to the ideas the four representatives brought back from Washington, when the nation-wide conservation movement swings into action the people of this section will be surprised at the interest the federal government has in holding every drop of water in the section where it falls.

Not a City; It's a World Trailer Convention



This looks like a small town, but it's not—at least not a stationary town. It's the annual international convention of trailer users parked for business at Sarasota, Fla. More than 1400 trailers, housing 3500 persons, are shown here, representing every state and several foreign countries. Lower left, one of the delegates does a bit of pressing in the trailer community house. And, at right, a trailer wife cooks while the convention goes on.

Donald Trolinger was able to come to his store Saturday after having been in bed for a month as the result of an operation.

Shamrock Company Puts on Contest For New Gasoline

The current contest being conducted by the Shamrock Oil & Gas Corp., Amarillo, to select a name for the company's new, high-test Polymer process gasoline, is bringing in many fine suggestions, according to R. B. Day, general manager. Prizes totaling $300 are to be awarded in the contest which closes at midnight, Wednesday, March 23rd.

An ultra-modern $2,000,000 refinery is now under construction between Dumas and Sunray in which this new gasoline will be manufactured. Scientific new refining equipment, the first of its kind to be installed in the Southwest, will be used in this plant to give Shamrock's new gasoline an exceptionally high Polymer content. This type of gasoline is said to be highly advantageous in a number of particulars for modern, high speed motors. Eighty-five employees will be employed in this new refinery.

The Shamrock Oil & Gas Corp. has had a phenomenal growth and development. The new plant makes three refineries for this company in the Panhandle. In addition, the company owns and operates two natural gasoline plants and has extensive Panhandle gas and oil acreage and production facilities. President of the company is John J. Sheerin; and H. D. Thompson.

The company's new Polymer process gasoline will be on the market in April; and franchises are now being negotiated with leading jobbers in cities throughout the Panhandle.

Johnson Items

Mrs. L. H. Spiser, Frederick and Luella Spiser, and Mrs. C. W. Bauer were business callers in Amarillo Saturday.

Processed Cheese: 3rd, Mrs. L. O. Williams, Sunny Hill Club.

This year the canned meats department, under the supervision of Miss Mary Sitton, home demonstration agent of Potter county, sponsors a series of educational exhibits. Randall county placed an exhibit on chili. The exhibit showed the steps and ingredients used in the making of chili and the use of chili in preparing other dishes.

Tuesday afternoon chili and crackers were served to about 250 people who came by to see the exhibits. Thompson Hardware Company furnished equipment used in the exhibit.

Education Meet

(Continued from first page)

secretary of the organization.

Members of the Conference offered their support to legislation for a teacher-retirement fund, free textbooks, proper traffic laws, and other work in the benefit of teachers and educators.

Work to continue the National Youth Administration was endorsed and federal support of education was urged.

The bill to repeal race horse betting was endorsed, and legislation was recommended for stricter enforcement urged against gambling, and the sale of hard liquor by the drink.

The two-day conference was closed at noon Saturday following a session featuring an address on curriculum problems by Dr. Harold C. Hand, professor of education at Leland Stanford University and and address by Dr. Carleton Washburne, superintendent of schools at Winnetka, Ill., on "The Development of Character."

Mahatma Gandhi, Indian Nationalist leader: "Too many cultures have been 'established' after finding a stone implement imbedded in the jaw bone of an ass."
